

# ABOUT VIETNAM WATER WEEK AND WATER & WASTEWATER EXPO (WWE)

We are thrilled to welcome you to the Vietnam Water Week and Water & Wastewater Expo (WWE) – an event of great significance for the water sector in Vietnam! This event, organised by the Vietnam Water Supply and Sewerage Association (VWSA) and Pablo Publishing & Exhibition Pte Ltd, is an absolute must-attend for all organisations and professionals in the water industry.

At this one-of-a-kind, engaging event, you will get the chance to explore the latest advancements in water technology and management, from water supply and sewerage to wastewater treatment and environmental sanitation. Additionally, you will have the opportunity to share your wisdom and experiences with experts from around the world, expand your network, and construct valuable partnerships in the water industry.

The event encompasses several conferences for representatives from government agencies, scientists, and business leaders from both Vietnam and other countries. Those in attendance will have the chance to converse and exchange thoughts on critical issues of the water sector and discuss future challenges and solutions.

Vietnam's water and wastewater market is rapidly increasing, with more than 30 large-scale industrial parks and 4,000 FDI projects totalling nearly US\$40 billion in investment. South East Asia's industrial water and wastewater sector is projected to reach US\$5 billion by 2024, making this the ideal time to get involved in the industry. Don't miss out on this amazing event and seize the opportunity to be part of the water sector in Vietnam!
